Summary

CS-CSSSD(Cyber Security and Secure Software Development) Student at UW-STOUT. Passionate about building applications that push boundaries. In my free time I like to work on pet projects to learn new technologies and explore things I'm curious about. If you're looking for a intern/junior developer who's determined to make a name in the industry feel free to check the links below to my personal portfolio website(hosted on GitHub Pages) and/or my GitHub profile. Also feel free to contact me through Email/Linkedin.
